

Dim Prospect Of Early End To Truckers' Strike In N.Y.

New York, Sept. 3 (AP)—The Metropolitan truckers' walkout, which threatens serious disruption of the city's economic life, is spreading.

Prospects appeared dim today for an early settlement.

About 10,000 drivers and helpers—half the city's truckers—were idle, and other workers were reported joining in the stoppage, now in its third day.

Many retail outlets remained cut off from regular supply channels, and food store representatives said skyrocketing prices were likely to result.

First Meeting Tuesday
It appeared almost certain that the tie-up would continue at least until next Tuesday. Parties to the dispute do not plan to meet until then.

The date for the meeting was fixed yesterday after a new set of demands was drawn up by the AFL Teamsters Union Local 807, which launched the shutdown Wednesday.

The demands include a proposal for a 25-cent hourly wage increase and will be formally presented to employer groups about noon today. The Teamsters originally asked a 50 cent increase.

Theodore W. Kheel, director of the city's labor relations division, said the two sides do not plan to get together until next week.

The new wage proposal—higher than the 15-cent-an-hour increase rejected by Local 807 on the eve of the walkout—was accompanied by a demand for an employer-financed welfare plan and other benefits.

The new demands were described by union leaders as their "rock-bottom" terms. They were adopted at a noisy, four-hour mass membership meeting yesterday.

Speakers sharply criticized the city's two other large teamsters' locals—282 and 816—for not joining in the walkout.

Littlestown LIONS VOTE \$5 FOR SPRAYING

Harry T. Harner, president, presided at the semi-monthly meeting of the Littlestown Lions club, Thursday evening in Bankert's restaurant. The club donated \$5 toward the aerial spraying of Littlestown.

It was announced that Erwin A. Rebert, a past president of the local club, was recently appointed deputy district governor of District 14C by the governor, Robert Snyder.

The Rev. Charles Held, pastor of the Mt. Joy Lutheran church, who is chairman of the zone in which Littlestown club's membership resides, was the speaker. The key notes of his address were "Attendance and Co-operation." He also discussed the Lions International convention at New York city, and the state convention, both of which he attended.

A committee consisting of John R. Bloom, Clayton L. Evans, and Leonard Kerchner was appointed to plan for an amateur show in the near future. John D. Basehoar showed three reels of movies—"The Hunting Season," "Americans at Home" and "The Gift of Green."

The finance committee consisting of Dr. Samuel Bucke, John D. Basehoar and Karl P. Bankert was in charge of the program. The next meeting will be held September 16 in charge of the membership committee including James U. Bowers, John P. Feiser and John W. LeGore.

EX-SALESMAN COVERS ROUTE

A traveling salesman returned to Gettysburg Thursday—only to find that all of his customers have gone out of business.

The salesman was A. M. Ferguson, of Pittsburgh, who back in 1891, 1892 and 1893 traveled through this section for the H. J. Heinz company.

As an experiment, this summer he decided to return, bringing with him his account book for the three years, just to see if any of the old customers were still alive and whether any of the old stores were still in existence. In York and Hanover he found some of the stores operating under the old name, but in over 100 storekeepers in York he found only one living.

His list recorded 20 customers in Gettysburg. A check showed that only one of the storekeepers is alive today and that store names have been changed with the change in ownership. Ferguson visited the one former customer here, A. S. Mills, Baltimore street, to talk over the old days before continuing on to Pittsburgh.

"Tommy," 5-year old black and white Shetland pony, missing for three days, is safe in his own corral and his young master, Tony Brown, 8, son of Attorney and Mrs. Richard A. Brown, Fairfield road, is happy all over again.

The little pony mysteriously disappeared from his enclosure at the Brown residence sometime Monday night or Tuesday morning and all efforts to locate him were in vain. Thursday the Browns inserted a front page advertisement in The Times and a news article in the same edition gave further information.

"The paper had hardly hit the street before our telephone started ringing," Mr. Brown said. "Dozens of people told us they had seen the pony at different places." Finally Victor Shotts, Emmitsburg road, called at the Brown residence and reported that he had found the pony on his premises and that he was safely bedded in a stall. That evening Mr. Brown and his son called for the pony and drove him, attached to his little wagon, back to the Brown corral.

Emmitsburg Man Injured In Crash

Felix Bernard McLaughlin, 21, Emmitsburg, is in a serious condition at the Waynesboro hospital today suffering from injuries received when his car smashed into a tractor-trailer truck one mile east of Blue Ridge Summit on the Sunshine Trail Thursday night at 10:30 o'clock.

McLaughlin, according to state police of the Gettysburg detail who are continuing their investigation, was traveling east toward Emmitsburg and headed down-hill when he crossed the road into the opposite lane and smashed into the 44,500-pound gasoline-loaded tractor-trailer.

William Ward McDonald, Huntingdon, operator of the truck, was unhurt. Damage to the truck was estimated at \$100 and to the car at \$500. McLaughlin's car was completely destroyed by the impact.

W. C. Weishaar, Waynesboro R. 4, who was driving by the scene of the accident, took McLaughlin to the Waynesboro hospital. The Emmitsburg man's injuries were listed by police as a fractured nose, two upper teeth knocked out, a laceration of the mouth, a possible spinal injury of the cervical region and possible concussion.

BAD DRIVING REAPED HEAVY AUGUST TOLL

Bad driving caused the greatest amount of trouble in months on Adams county highways during August, the monthly recapitulation of activities of the local state police sub-station showed today.

During August there were 27 accidents on county highways, in which one person was killed and 21 were injured. Property damage amounted to \$15,458.

The analysis of the causes of the accidents showed that most were caused by failure to yield the right of way, failure of motorists to keep on their own side of the road, traveling too fast for conditions and reckless driving. Only one accident was caused by defective equipment, and that was the first accident in months to be caused by a failure of some part of a car. The bad equipment was a tire which blew out while the driver was driving at a fairly high speed, police said. When the tire blew, the car went out of control.

24 Brought Arrests
The August accident overshadowed July's high record of 19 accidents in which 19 persons were injured and property damage totalled \$9,435. And the August number almost doubled last August's 14 accidents in which one person was killed and 18 injured. Property damage in August, 1947, was \$4,555.

Police made 24 arrests as a result of August's accidents and a total of 116 arrests on traffic violations during the month. Top offense for the month was speeding, with drivers having no inspection stickers on their cars, drivers failing to stop at stop signs and drivers who made improper passes being other frequent offenders.

Twenty-five of the arrests occurred on the Gettysburg-Harrisburg road which also was the scene of the largest number of accidents.

Tuesdays Worst
Tuesday was the worst day for accidents, with six of them occurring on that day. Thursday and Sunday were next.

In the attempt to cope with the wild driving on the highways, police spent 1,176 hours on traffic duty, traveling 16,270 miles on 370 patrols. Other duties of the police included 17 criminal investigations, 44 state department investigations and three other investigations. The officers passed 35 drivers for licenses and turned down 36 applicants.

Twenty-five arrests on criminal charges were made by police and \$210 in stolen property was recovered.

BLOCK DANCE THIS EVENING

Gettysburg firemen, swamped Thursday evening on the opening night of their block party by over 2,000 patrons, today sent out a desperate appeal for more members of the company to turn out to aid in the party.

With only 30 members on hand Thursday night, the company was unable to put all of the scheduled games in operation and they men who were present found themselves practically "worked to death" by the throng of eager residents who jammed the fire engine house and environs to listen to the Blue and Gray band's concert and take part in the various games conducted by the firemen.

An even greater number was expected this evening when Dick Feiser's orchestra will present a block dance from 8:30 until 11:30 o'clock. In addition Horace Stine and his Minstrels will present a minstrel show.

There were no rides for the kiddies on the fire engines Thursday night because of the shortage of firemen to man games and handle other activities. Whether there will be rides this evening will depend on the number of firemen who turn out to help with the event.

The block party will continue Saturday night with Earl Phillips and his Backboard Ramblers playing for square dancing and with Hiram Thomas calling the numbers. Monday evening Dick Feiser's orchestra will return for round dancing.

A sixty-three piece china dinner were set valued at \$28 was awarded Thursday evening to Carl W. Saunders, 127 South Franklin street. Each night a special prize is being announced and those attending are asked to retain their tickets for that purpose.

JOHN Q. CITIZEN TAKES A LOOK AT THE NEWS

By DON WHITEHEAD

Washington, Sept. 2 (AP)—John Q. Citizen unbuttoned his shirt, loosened his belt, eased himself into a chair, and began reading his afternoon paper while Mrs. Citizen prepared supper.

Subconsciously, he carried on a silent commentary as he read, a habit that had grown with the years:

"Hmmm... Some barbers wanting \$1.25 a haircut... Not worth it with this little fence I've got left... I shouldn't pay more than 50 cents... They can make money at 50 cents on me... Wonder how much a barber makes a day... Takes about 20 minutes for a haircut... Three haircuts an hour for eight hours makes 24 haircuts a day at \$1.25 each... But I don't suppose they average that much... Glad that flying boat made it to Chicago... Imagine it! 4748 miles in 24 hours and 2 minutes from Hawaii... Now there's a place I'd like to see one of these days... Fellow told me even the men out there wear flowers draped around their necks and nobody thinks anything of it... Sort of a local custom... I wonder if all the races get along as well together as he said they do... We could use a little more spirit of that kind over here... Do Russians Laugh Too? Well, that fellow Tito is into a row with Hungary now... He's got his cander up and it looks like he's not going to be pushed around... Looks like Stalin has got a problem there... This story says 'responsible state officials of Hungary have been pursuing a campaign against Yugoslavia and Yugoslav peoples which is in full contradiction to the friendship, cooperation and mutual aid between Yugoslavia and Hungary'... I could say it in fewer words... I'd say 'you've been telling lies about me and I don't like it see, and you'd better shut up before I box you one.'... Funny

NEW MILK PRICE BOOM UNDERWAY

Harrisburg, Sept. 2 (AP)—A boom for another milk price boost was underway in Pennsylvania today.

The request this time came from dealers in the Scranton-Wilkes-Barre marketing area.

The dealers urged the state Milk Control commission to raise the price of milk in their area another 1 1/2 cents to 23 cents a quart.

And simultaneously on the consumer's side of the milk scene, announcement was made of the opening of an "emergency drive in Dauphin county to bring down the price of milk."

Washington, Sept. 2 (AP)—Army commanders are under orders today to screen out any Communists and fellow travelers inducted in the peace-time draft. Although registrants are not asked whether they are Communists, the army department revealed yesterday that all officers and enlisted personnel are subject to loyalty checks and may be discharged if found to be members of a subversive organization.

Dim Prospect Of Early End To Truckers' Strike In N.Y.

New York, Sept. 3 (AP)—The Metropolitan truckers' walkout, which threatens serious disruption of the city's economic life, is spreading. Prospects appeared dim today for an early settlement.

About 10,000 drivers and helpers—half the city's truckers—were idle, and other workers were reported joining in the stoppage, now in its third day.

Many retail outlets remained cut off from regular supply channels, and food store representatives said skyrocketing prices were likely to result.

First Meeting Tuesday
It appeared almost certain that the tie-up would continue at least until next Tuesday. Parties to the dispute do not plan to meet until then.

The date for the meeting was fixed yesterday after a new set of demands was drawn up by the AFL Teamsters Union Local 807, which launched the shutdown Wednesday.

The demands include a proposal for a 25-cent hourly wage increase and will be formally presented to employer groups about noon today. The Teamsters originally asked a 50 cent increase.

Theodore W. Kheel, director of the city's labor relations division, said the two sides do not plan to get together until next week.

The new wage proposal—higher than the 15-cent-an-hour increase rejected by Local 807 on the eve of the walkout—was accompanied by a demand for an employer-financed welfare plan and other benefits.

The new demands were described by union leaders as their "rock-bottom" terms. They were adopted at a noisy, four-hour mass membership meeting yesterday.

Speakers sharply criticized the city's two other large teamsters' locals—282 and 816—for not joining in the walkout.

Littlestown LIONS VOTE \$5 FOR SPRAYING

Harry T. Harner, president, presided at the semi-monthly meeting of the Littlestown Lions club, Thursday evening in Bankert's restaurant. The club donated \$5 toward the aerial spraying of Littlestown. Clarence J. Krichen, Sr., was accepted as a new member.

It was announced that Erwin A. Rebert, a past president of the local club, was recently appointed deputy district governor of District 14C by the governor, Robert Snyder.

The Rev. Charles Held, pastor of the Mt. Joy Lutheran church, who is chairman of the zone in which Littlestown club's membership resides, was the speaker. The key notes of his address were "Attendance and Co-operation." He also discussed the Lions International convention at New York city, and the state convention, both of which he attended.

A committee consisting of John R. Bloom, Clayton L. Evans, and Leonard Kerchner was appointed to plan for an amateur show in the near future. John D. Basehoar showed three reels of movies—"The Hunting Season," "Americans at Home" and "The Gift of Green." The finance committee consisting of Dr. Samuel Bucke, John D. Basehoar and Karl P. Bankert was in charge of the program. The next meeting will be held September 16 in charge of the membership committee including, James U. Bowers, John P. Feiser and John W. LeGore.

Library Board To Decide On Librarian

Members of the board of directors of the Adams County Free Library will hold their September meeting this evening at 7:30 o'clock at the main library on Carlisle street. The president, Mrs. E. S. Lewars, will preside.

One important matter of business to come before the board will be a decision on the approval of Miss Anna F. Farran, Mt. Airy, Philadelphia, as librarian for Adams and Franklin counties. Franklin county already has given its final approval. The post of Adams County librarian has been vacant since Miss Kathryn Oller resigned in the spring to take a position in the state library at Harrisburg.

Scott, who also has taken over the coal business of the Wolf Supply company recently, secured the distributorship from Menges effective Wednesday. Ray Gulse was announced as driver for Scott for the distributorship of gasoline, kerosene and fuel oil.

JAMES F. LIND IS CANDIDATE FOR CONGRESS

James F. Lind, chief clerk of the York county commissioners, has received the recommendation of the Democratic county committee leaders of the 21st Congressional District for the nomination to Congress. His name will be sent to the State Committee for final approval with the expectation that the State Democratic Executive Committee will follow the recommendation of the county leaders.

Agreement upon Colonel Lind as the nominee to replace Senator Guy A. Leader, who withdrew from the

When advised of the action of the district leaders, Lind made this statement:

EX-SALESMAN COVERS ROUTE

A traveling salesman returned to Gettysburg Thursday—only to find that all of his customers have gone out of business.

The salesman was A. M. Ferguson, of Pittsburgh, who back in 1891, 1892 and 1893 traveled through this section for the H. J. Heinz company. As an experiment, this summer he decided to return, bringing with him his account book for the three years, just to see if any of the old customers were still alive and whether any of the old stores were still in existence. In York and Hanover he found some of the stores operating under the old name, but in over 100 storekeepers in York he found only one living.

His list recorded 20 customers in Gettysburg. A check showed that only one of the storekeepers is alive today and that store names have been changed with the change in ownership. Ferguson visited the one former customer here, A. S. Mills, Baltimore street, to talk over the old days before continuing on to Pittsburgh.

FORETASTE OF FALL

The mercury dropped to within 10 degrees of freezing here early this morning—just one week after a new heat record was set last Friday with a maximum of 100 degrees. Today's low was 42. Thursday's high was 77 as compared with a high of 99 for last Thursday.

He is a member of the National Collegiate Athletic Association and has been a member of the Eastern and Southwestern Football Officials Association.

During World War II he served in the European Theater of Operations as artillery commander of the 63rd infantry division. After cessation of hostilities he was appointed deputy director of the Civil Affairs division office of the Chief of Staff, Washington, D. C. Later he went overseas for duty with the U. S. Armed forces in the Pacific. Stationed at Manila, he was assigned as assistant chief of staff, G-3, Army forces in the western Pacific. In addition he commands the post of Carlisle Barracks, which also houses The Military Police School and The Army and Air Force Chaplain School.

General McGaw will speak at a program in which veterans from throughout the county will be present with color guards for the event. During the service the auditorium will be accepted as a memorial to the dead of World War II. M. E. Knoose, chairman of the Executive Committee of the South Mountain Fair Association, will make the presentation.

Tommy Is Home; Tony Is Happy

"Tommy," 5-year old black and white Shetland pony, missing for three days, is safe in his own corral and his young master, Tony Brown, 8, son of Attorney and Mrs. Richard A. Brown, Fairfield road, is happy all over again.

The little pony mysteriously disappeared from his enclosure at the Brown residence sometime Monday night or Tuesday morning and all efforts to locate him were in vain. Thursday the Browns inserted a front page advertisement in The Times and a news article in the same edition gave further information.

"The paper had hardly hit the street before our telephone started ringing," Mr. Brown said. "Dozens of people told us they had seen the pony at different places." Finally Victor Shotts, Emmitsburg road, called at the Brown residence and reported that he had found the pony on his premises and that he was safely bedded in a stall. That evening Mr. Brown and his son called for the pony and drove him, attached to his little wagon, back to the Brown corral.

MANY ATTEND 'FAMILY DAY' AT GOLF CLUB

Horace Armour won first honors Thursday afternoon at the golf tournament held at the Gettysburg country club in connection with a "family day" program there.

Armour's score was 73. He secured an 88 for the course, and had a handicap of 15 which brought his net score to 73.

Three others were tie for second place and divided the awards for second and third place between them. All shot 86 and all had handicaps of 10, bringing their net score to 76. The three men were Robert Derck, Charles Drum and Glen L. Bream.

Contests For Kiddies
While the men were busy with golf, the youngsters were busy in a number of competitions as well. In the girls' bubble gum contest, Diana Beard won first place, Betty Pennington, second, and Lynda Kookan and Jody Bream tied for third. In the boys' bubble gum contest, Phelps Pennington was first, Peter Pennington, second, and Hugh McIlhenny, third.

Emmitsburg Man Injured In Crash

Felix Bernard McLaughlin, 21, Emmitsburg, is in a serious condition at the Waynesboro hospital today suffering from injuries received when his car smashed into a tractor-trailer truck one mile east of Blue Ridge Summit on the Sunshine Trail Thursday night at 10:30 o'clock.

McLaughlin, according to state police of the Gettysburg detail who are continuing their investigation, was traveling east toward Emmitsburg and headed down-hill when he crossed the road into the opposite lane and smashed into the 44,500-pound gasoline-loaded tractor-trailer.

William Ward McDonald, Huntingdon, operator of the truck, was unhurt. Damage to the truck was estimated at \$100 and to the car at \$500. McLaughlin's car was completely destroyed by the impact.

BAD DRIVING REAPED HEAVY AUGUST TOLL

Bad driving caused the greatest amount of trouble in months on Adams county highways during August, the monthly recapitulation of activities of the local state police sub-station showed today.

During August there were 27 accidents on county highways, in which one person was killed and 21 were injured. Property damage amounted to \$15,458.

The analysis of the causes of the accidents showed that most were caused by failure to yield the right of way, failure of motorists to keep on their own side of the road, traveling too fast for conditions and reckless driving. Only one accident was caused by defective equipment, and that was the first accident in months to be caused by a failure of some part of a car. The bad equipment was a tire which blew out while the driver was driving at a fairly high speed, police said. When the tire blew, the care went out of control.

24 Brought Arrests

The August accident overshadowed July's high record of 19 accidents in which 19 persons were injured and property damage totalled \$9,435. And the August number almost doubled last August's 14 accidents in which one person was killed and 18 injured. Property damage in August, 1947, was \$4,555.

Police made 24 arrests as a result of August's accidents and a total of 116 arrests on traffic violations during the month. Top offense for the month was speeding, with drivers having no inspection stickers on their cars, drivers failing to stop at stop signs and drivers who made improper passes being other frequent offenders.

Twenty-five of the arrests occurred on the Gettysburg-Harrisburg road which also was the scene of the largest number of accidents.

Tuesdays Worst
Tuesday was the worst day for accidents, with six of them occurring on that day. Thursday and Sunday were next.

In the attempt to cope with the wild driving on the highways, police spent 1,176 hours on traffic duty, traveling 16,270 miles on 970 patrols. Other duties of the police included 17 criminal investigations, 44 state department investigations and three other investigations. The officers passed 35 drivers for licenses and turned down 36 applicants.

Twenty-five arrests on criminal charges were made by police and \$210 in stolen property was recovered.

BLOCK DANCE THIS EVENING

Gettysburg firemen, swamped Thursday evening on the opening night of their block party by over 2,000 patrons, today sent out a desperate appeal for more members of the company to turn out to aid in the party.

With only 30 members on hand Thursday night, the company was unable to put all of the scheduled games in operation and they men who were present found themselves practically "worked to death" by the throng of eager residents who jammed the fire engine house and environs to listen to the Blue and Gray band's concert and take part in the various games conducted by the firemen.

An even greater number was expected this evening when Dick Feiser's orchestra will present a block dance from 8:30 until 11:30 o'clock. In addition Horace Stine and his Minstrels will present a minstrel show.

There were no rides for the kiddies on the fire engines Thursday night because of the shortage of firemen to man games and handle other activities. Whether there will be rides this evening will depend on the number of firemen who turn out to help with the event.

The block party will continue Saturday night with Earl Phillips and his Buckboard Ramblers playing for square dancing and with Hiram Thomas calling the numbers. Monday evening Dick Feiser's orchestra will return for round dancing.

A sixty-three piece china dinner were set valued at \$38 was awarded Thursday evening to Carl W. Saunders, 127 South Franklin street. Each night a special prize is being announced and those attending are asked to retain their tickets for that purpose.

Dim Prospect Of Early End To Truckers' Strike In N.Y.

New York, Sept. 3 (AP)—The Metropolitan truckers' walkout, which threatens serious disruption of the city's economic life, is spreading.

Prospects appeared dim today for an early settlement.

About 10,000 drivers and helpers—half the city's truckers—were idle, and other workers were reported joining in the stoppage, now in its third day.

Many retail outlets remained cut off from regular supply channels, and food store representatives said skyrocketing prices were likely to result.

First Meeting Tuesday

It appeared almost certain that the tie-up would continue at least until next Tuesday. Parties to the dispute do not plan to meet until then.

The date for the meeting was fixed yesterday after a new set of demands was drawn up by the AFL Teamsters Union Local 807, which launched the shutdown Wednesday.

The demands include a proposal for a 25-cent hourly wage increase and will be formally presented to employer groups about noon today. The Teamsters originally asked a 50 cent increase.

Theodore W. Kheel, director of the city's labor relations division, said the two sides do not plan to get together until next week.

The new wage proposal—higher than the 15-cent-an-hour increase rejected by Local 807 on the eve of the walkout—was accompanied by a demand for an employer-financed welfare plan and other benefits.

The new demands were described by union leaders as their "rock-bottom" terms. They were adopted at a noisy, four-hour mass membership meeting yesterday.

Speakers sharply criticized the city's two other large teamsters' locals—282 and 816—for not joining in the walkout.

Littlestown LIONS VOTE \$5 FOR SPRAYING

The Rev. Charles Held, pastor of the Mt. Joy Lutheran church, who is chairman of the zone in which Littlestown club's membership resides, was the speaker. The key notes of his address were "Attendance and Co-operation." He also discussed the Lions International convention at New York city, and the state convention, both of which he attended.

A committee consisting of John R. Bloom, Clayton L. Evans, and Leonard Kercher was appointed to plan for an amateur show in the near future. John D. Basehoar showed three reels of movies—"The Hunting Season," "Americans at Home" and "The Gift of Green." The finance committee consisting of Dr. Samuel Bucke, John D. Basehoar and Karl P. Bankert was in charge of the program. The next meeting will be held September 16 in charge of the membership committee including, James U. Bowers, John F. Feiser and John W. LeGore.

Franklin county already has given its final approval. EX-SALESMAN COVERS ROUTE

A traveling salesman returned to Gettysburg Thursday—only to find that all of his customers have gone out of business.

The salesman was A. M. Ferguson, of Pittsburgh, who back in 1891, 1892 and 1893 traveled through this section for the H. J. Heinz company. As an experiment, this summer he decided to return, bringing with him his account book for the three years, just to see if any of the old customers were still alive and whether any of the old stores were still in existence. In York and Hanover he found some of the stores operating under the old name, but in over 100 storekeepers in York he found only one living.

His list recorded 20 customers in Gettysburg. A check showed that only one of the storekeepers is alive today and that store names have been changed with the change in ownership. Ferguson visited the one former customer here, A. S. Mills, Baltimore street, to talk over the old days before continuing on to Pittsburgh.

"Tommy," 5-year old black and white Shetland pony, missing for three days, is safe in his own corral and his young master, Tony Brown, 8, son of Attorney and Mrs. Richard A. Brown, Fairfield road, is happy all over again.

The little pony mysteriously disappeared from his enclosure at the Brown residence sometime Monday night or Tuesday morning and all efforts to locate him were in vain. Thursday the Browns inserted a front page advertisement in The Times and a news article in the same edition gave further information.

"The paper had hardly hit the street before our telephone started ringing," Mr. Brown said. "Dozens of people told us they had seen the pony at different places." Finally Victor Shotts, Emmitsburg road, called at the Brown residence and reported that he had found the pony on his premises and that he was safely bedded in a stall. That evening Mr. Brown and his son called for the pony and drove him, attached to his little wagon, back to the Brown corral.

BAD DRIVING REAPED HEAVY AUGUST TOLL

Bad driving caused the greatest amount of trouble in months on Adams county highways during August, the monthly recapitulation of activities of the local state police sub-station showed today.

During August there were 27 accidents on county highways, in which one person was killed and 21 were injured. Property damage amounted to \$15,458.

The analysis of the causes of the accidents showed that most were caused by failure to yield the right of way, failure of motorists to keep on their own side of the road, traveling too fast for conditions and reckless driving. Only one accident was caused by defective equipment, and that was the first accident in months to be caused by a failure of some part of a car. The bad equipment was a tire which blew out while the driver was driving at a fairly high speed, police said. When the tire blew, the care went out of control.

24 Brought Arrests

The August accident overshadowed July's high record of 19 accidents in which 19 persons were injured and property damage totalled \$9,435. And the August number almost doubled last August's 14 accidents in which one person was killed and 18 injured. Property damage in August, 1947, was \$4,555.

Police made 24 arrests as a result of August's accidents and a total of 116 arrests on traffic violations during the month. Top offense for the month was speeding, with drivers having no inspection stickers on their cars, drivers failing to stop at stop signs and drivers who made improper passes being other frequent offenders.

Twenty-five of the arrests occurred on the Gettysburg-Harrisburg road which also was the scene of the largest number of accidents.

CAPITOL POLICE NIP SUN BATH

Washington, Sept. 3 (AP)—Capitol police today seized a nude woman, described as an attractive brunette about 30 years old, on the fourth floor ledge of the Senate Law library.

The woman resisted police briefly before they succeeded in covering her.

Before she was taken from the ledge, the woman tossed a dollar bill, some small change and other contents from her purse to the ground.

Capt. William J. Broderick of the capitol police said the young woman told him she is Dorothy P. Smith of Malone, N. Y.

Walter S. Linscott, a bookbinder in the Senate Law library, first saw the young woman on a ledge just outside his small bindery shop tucked away in the upper reaches of the Senate wing of the capitol.

Linscott said he called out and told her it was against the rules to be on the roof. He said she replied calmly:

"I'm just taking a sun bath."

She was in the process then of removing her clothing, he said, so he called for capitol police.

Linscott later told reporters that one policeman approached the woman above the ledge and another from a lower floor level. They grabbed her before she could reach a balcony that projects over a drop of about 90 feet to the steps below.

MOCK BATTLE OVER BRITAIN

London, Sept. 3 (AP)—Meteor Jet fighters of the Royal Air Force tangled with U. S. Superfortresses in a mock battle 30,000 feet over the Thames estuary today.

It was the beginning of the biggest test of this nation's air defenses since the battle of Britain eight years ago.

Ninety U. S. Superfortresses and hundreds of British medium and heavy bombers are taking part in simulated attacks against targets in the midlands, southeastern and southern England.

The "raiding" force is primed for a four-day mock air war. Preparations were carried out under the strictest secrecy. The whereabouts of the attackers and where they would strike was unknown to ground defenders. The bombers had special permission to fly over the Netherlands, Belgium and France before turning in toward Britain for the attack.

At the zero hour the sky was "mucky in places, likely to be showery, but with bright intervals and fairly good visibility," the air ministry said.

31 QUALIFY FOR AIR RACES

Cleveland, Aug. 3 (AP)—Racing pilots got their last chance to qualify for national air races events today. Only 31 of a possible 70 speed fliers qualified during the three days set aside for that purpose.

Race officials had planned to forbid qualifying today and to impound all entries. However, considerable military activity at Municipal Airport yesterday morning virtually precluded qualifying flights, and a day of grace was granted.

Among the qualifiers were 26 for the Goodyear Race for midjets, ten for the Thompson, and one which failed to meet the Thompson minimum of 325 miles an hour. There will be only 10 starters in the Thompson this year instead of the customary 12.

A dozen or more planes may make qualifying flights before the timers close shop.

Maj. Richard L. Johnson, test pilot for the air materiel command at Wright-Patterson airbase, Dayton, Ohio, will make a full dress rehearsal of his attempt to raise the 650 miles an hour world speed record. Johnson will make four passes over the three kilometer (1.86 miles) course and be timed by the special cameras, but it will be just practice. No matter what his speed today, no record will be set before Saturday morning.

DEWEY TRACES LABOR'S ILLS

Albany, N. Y., Sept. 3 (AP)—Gov. Thomas E. Dewey today linked Washington and Moscow as sources of any labor troubles in New York state.

The Republican presidential nominee did so in a Labor Day proclamation in the wake of a fresh row, which started in Dewey's camp, over whether the Democrats or the Republicans are to blame for high prices.

In that dispute the Democrats charged GOP leader Harold E. Stassen with making a "typically deceptive, inaccurate political statement" in blaming a Truman cabinet officer for keeping prices high.

The Republicans accused the opposition of voicing a "cheap campaign charge" dealing with the price of milk produced on Dewey's farm. In his labor proclamation Dewey said: "In so far as we in New York have been able to manage our own affairs, we have achieved what is perhaps the best example of peace on a front where diverse interests must always be reconciled if free labor and free government are not to be suppressed."

"As the nation's leading industrial state, New York's strike record is second to none. Where we have had trouble, the sources of it may be traced to tap roots which are fed in Moscow or in Washington or in designs of selfish men ruthlessly pursuing power and wealth."

Wallace Showered With Eggs Again

Little Rock, Ark., Sept. 3 (AP)—Henry Wallace arrived by plane in Little Rock early today virtually unnoticed and without incident.

The Progressive Party presidential candidate flew here from Shreveport, La., arriving at Adams Field at 12:38 a. m.

The former vice president and a party of 21 stepped from the plane into waiting autos and were whisked to the Union station where he boarded his private railroad coach to spend the rest of the morning.

There was no reception for Wallace as he brought his presidential campaign to Arkansas just after leaving Shreveport.

As he left a Shreveport radio station for the airport an estimated half dozen eggs splashed about Wallace's car.

Wallace was refused four places sought for a speech before choosing to talk to his Arkansas followers by radio this morning. He is scheduled to leave here about noon by auto for Memphis.

The Rev. O'Flynn participated in the 40 hours devotions at the Church of the Annunciation of the Blessed Virgin Mary in McSherrystown on Tuesday.

The deceased was born in London, England, Feb. 5, 1876, the son of the late John and Henrietta Cavanaugh O'Flynn. As a child he was brought to New York by his parents.

He studied at St. Charles college, Catonsville, Md.; Seton Hall, South Orange, N. J., and Mt. St. Mary's seminary, Emmitsburg, Md. He was ordained in Mt. FAST BOMBER PASSING TESTS

Washington, Sept. 3 (AP)—A new, bigger and faster attack bomber has passed its first tests for the navy.

An announcement to this effect today provided few details. But from a comparison with present types, the plane shapes up as the heaviest yet designed for carriers.

It will carry more than three tons of bombs "considerably" faster than 350 miles an hour.

A compromise between speed and distance, the new XAJ-1 has two conventional engines for normal operation and one turbo-jet in the tail for sudden bursts of speed.

The plane probably will be assigned to the 45,000-ton Midway class carriers because of its size and weight, although a few 27,000-ton carriers have had their decks strengthened for heavier airplanes.

Band Plans Busy Holiday Weekend

The Blue and Gray band will make two appearances over the Labor Day week-end.

On Sunday afternoon at 3 o'clock, they will play at the dedicatory exercises for the new auditorium on the fair grounds. Members of the band who need transportation are asked to report at the engine house here at 2 o'clock.

LONGSHOREMEN PREPARING FOR 4-MO. STRIKE

San Francisco, Sept. 3 (P) — A strike paralyzing Pacific coast ports today was accepted by the shipping industry and Harry Bridges' CIO longshoremen as a battle for survival.

The walkout, stretching from the Mexican to the Canadian borders, held some 120 ships in port, idled about 12,000 dock workers and kept 16,000 seafarers shorebound. Bridges warned his union members to prepare to pound the waterfront pavements in picket lines for four to six months.

In Washington, President Truman said the government was powerless to act further except through negotiation. A federal court injunction banning the strike for an 80-day cooling-off period expired yesterday as the strike began.

Nation Feels Effects.
The President told a news conference the administration is still trying to settle the dispute by negotiation but that he has no emergency powers left.

Across the nation effects of the tieup were felt as railroads halted shipment of most export freight to the coast, and some exporting manufacturers cut production.

The Waterfront Employers' association and Pacific American Shipowners association declared survival of the industry was at stake.

Withdraw Wage Offer

They announced they no longer would deal with any union whose officers refused to file non-Communist affidavits with the National Labor Relations board. Such affidavits are required to qualify unions for NLRB services. Bridges has refused to make such an affidavit but said he was willing to refer the question to the union membership.

He told 6,000 cheering longshoremen losing the strike would put the union out of business. Discussing negotiations which collapsed Wednesday night, Bridges said: "I crawled on my hands and knees and all I got was a spit in the eye. We will prepare for a four to six months' strike now. There will be no more talks with the employers except on our terms."

Longshore employers withdrew a 10-cents-an-hour wage hike offer, and a proposal to continue with the present union-named dispatchers at hiring halls until the supreme court determines whether they are legal. In any new talks employers will go back to their original offer of a five cent hourly raise.

MOOSE OPEN CONCLAVE

Philadelphia, Sept. 3 (P) — The eastern division of the Pennsylvania Moose association opened a four day convention here today. A parade on Labor Day will climax the sessions. Marking the opening of the sessions, the Philadelphia lodge will initiate a class of 500 candidates tonight. Powell Bartley, special representative of the supreme lodge, said the class would bring to more than 12,000 members inducted by the Philadelphia lodge during a year-long membership drive.

Pittsburgh Suburb Damaged By Blaze

Pittsburgh, Sept. 3 (P) — The shopping center in suburban Allison Park was threatened with destruction by fire today as a lumber yard fire spread to the block-long Auld building in the business district.

The lumberyard of John H. Auld and Brothers, building supply dealers, was completely destroyed. At least six families occupying the second floor of the two story brick Auld building fled when flames broke out. No injuries were reported and firemen said the cause of the blaze was not yet determined.

John H. Auld said he thought damage would exceed \$100,000. The Squires Drug Store and the Allison Park Real Estate Co. offices were destroyed as owners of other establishments carried out possessions.

CITES HOLIDAY DRIVING PERIL

The long, Labor Day week-end, last big holiday of the season, will not be without its traffic dangers and hazards, according to an official of the Gettysburg Motor Club, affiliated with the American Automobile Association.

The day has become important to the nation as the last long week-end which can be enjoyed before autumn and winter. Twenty-five million cars are expected to be on the highways between Friday afternoon and Tuesday morning.

The AAA Club executive cited several suggestions for driving over the holiday week-end including:

1. Don't weave in and out of traffic lanes.
2. Avoid passing on curves, hills or road sections marked with a double white line.
3. Don't speed unnecessarily to gain a few moments.

SCHUMAN QUILTS TRYING TO FORM NEXT CABINET

By JOSEPH DYNAN

Paris, Sept. 3 (P) — Premier-Designate Robert Schuman abandoned today his attempts to form a new French government.

The leader of the middle-of-the-road popular Republican movement (MRP) had labored since Monday night in an effort to lure reluctant politicians into a government for which many foresaw nothing but a short, troubled life.

Schuman announced his decision to President Vincent Auriol after futile negotiations with other party leaders on construction of a workable coalition.

Socialists Too Strong
Despite his endorsement by the National Assembly Tuesday — by the margin of 11 votes — Schuman was unable to draw enough parliamentary support to build a cabinet.

Yesterday the Socialists, a strong factor in the previous moderate governments, refused to enter a Schuman cabinet because they disagreed with his economic policies, particularly with regard to keeping wages down in a war on spiraling prices.

Schuman's action threatened the country with deeper political tumult. France has had no government since radical Socialist (conservative) Premier Andre Marie resigned early last Saturday. Marie himself had succeeded Schuman, who had quit as premier when the Socialists refused to support him on a military budget item.

Serious doubts were expressed that anyone would be able to form a government at the present time.

Wealthy Lumberman, Ex-Mayor, Is Dead

Pittsburgh, Sept. 3 (P) — Edward Vose Babcock, multi-millionaire lumberman and one-time mayor of Pittsburgh, died yesterday of a heart ailment. He was 84.

For a quarter of a century he was a leading figure in western Pennsylvania Republican politics. As mayor of the steel city from 1918 to 1922, he was host to more kings, queens and princes than any other mayor in the city's history.

He headed the Babcock Lumber company—one of the largest lumber producers in the world. Its operations stretched from Pennsylvania to Tennessee, Georgia and Florida. A few years ago the Babcock Florida company completed the logging of 156,000 acres near Fort Myers.

He entered politics in 1911 as a member of a special council of nine appointed by Gov. John K. Tener to administer the affairs of the city which had become so corrupt and graft-ridden that many of the previous councilmen had been sent to jail.

10-Year Old Boy Crushed To Death

Lancaster, Pa., Sept. 3 (P) — Ten-year-old Russell Otis Bender died yesterday in Lancaster Osteopathic hospital of injuries sustained Tuesday when he was crushed between a farm wagon and a post on a farm near Mt. Joy, Pa.

Deputy Coroner Dr. Charles P. Stahr said the boy died as a result of a ruptured stomach. He was the son of Mr. and Mrs. Alva Bender of Mt. Joy.

This presented the nation with the problem of how to proceed with its present legislature.

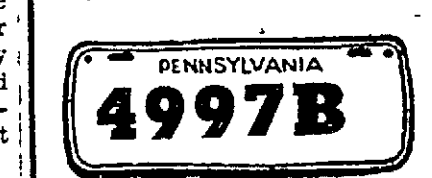

FOUR BURNED AS INN IS LEVELLED

Eatonville, N. J., Sept. 3 (P) — Four persons died early today in a fire which demolished the Crystal Brook farm inn on Route 35, near the Fort Monmouth gate.

Mrs. Minoprio and her son were found together, halcyon suffocated by smoke. Anton Minoprio and Rossbeck were burned to death.

LONGSHOREMEN PREPARING FOR 4-MO. STRIKE

San Francisco, Sept. 3 (AP) — A strike paralyzing Pacific coast ports today was accepted by the shipping industry and Harry Bridges' CIO longshoremen as a battle for survival.

The walkout, stretching from the Mexican to the Canadian borders, held some 120 ships in port, idled about 12,000 dock workers and kept 16,000 seafarers shorebound.

Bridges warned his union members to prepare to pound the waterfront pavements in picket lines for four to six months.

In Washington, President Truman said the government was powerless to act further except through negotiation. A federal court injunction banning the strike for an 80-day cooling-off period expired yesterday as the strike began.

Nation Feels Effects

The President told a news conference the administration is still trying to settle the dispute by negotiation but that he has no emergency powers left.

Across the nation effects of the tieup were felt as railroads halted shipment of most export freight to the coast, and some exporting manufacturers cut production.

The Waterfront Employers' association and Pacific American Shipowners' association declared survival of the industry was at stake.

Withdraw Wage Offer

They announced they no longer would deal with any union whose officers refused to file non-Communist affidavits with the National Labor Relations board. Such affidavits are required to qualify unions for NLRB services. Bridges has refused to make such an affidavit but said he was willing to refer the question to the union membership.

He told 6,000 cheering longshoremen losing the strike would put the union out of business. Discussing negotiations which collapsed Wednesday night, Bridges said: "I crawled on my hands and knees and all I got was a spit in the eye. We will prepare for a four to six months' strike now. There will be no more talks with the employers except on our terms."

Longshore employers withdrew a 10-cents-an-hour wage hike offer and a proposal to continue with the present union-named dispatchers at hiring halls until the supreme court determines whether they are legal. In any new talks employers will go back to their original offer of a five cent hourly raise.

MOOSE OPEN CONCLAVE

Philadelphia, Sept. 3 (AP) — The eastern division of the Pennsylvania Moose association opened a four day convention here today. A parade on Labor Day will climax the sessions. Marking the opening of the sessions, the Philadelphia lodge will initiate a class of 500 candidates tonight. Powell Bartley, special representative of the supreme lodge, said the class would bring to more than 12,000 members inducted by the Philadelphia lodge during a year-long membership drive.

Pittsburgh Suburb Damaged By Blaze

Pittsburgh, Sept. 3 (AP) — The shopping center in suburban Allison Park was threatened with destruction by fire today as a lumber yard fire spread to the block-long Auld building in the business district.

The lumberyard of John H. Auld and Brothers, building supply dealers, was completely destroyed. At least six families occupying the second floor of the two story brick Auld building fled when flames broke out. No injuries were reported and firemen said the cause of the blaze was not yet determined.

John H. Auld said he thought damage would exceed \$100,000. The Squires Drug Store and the Allison Park Real Estate Co., offices were destroyed as owners of other establishments carried out possessions.

CITES HOLIDAY DRIVING PERIL

The long, Labor Day week-end, last big holiday of the season, will not be without its traffic dangers and hazards, according to an official of the Gettysburg Motor Club, affiliated with the American Automobile Association.

The day has become important to the nation as the last long week-end which can be enjoyed before autumn and winter. Twenty-five million cars are expected to be on the highways between Friday afternoon and Tuesday morning.

The AAA Club executive cited several suggestions for driving over the holiday week-end including:

1. Don't weave in and out of traffic lanes.
2. Avoid passing on curves, hills or road sections marked with a double white line.
3. Don't speed unnecessarily to gain a few moments.
4. If tired or drowsy, pull up to the side of the road, get out and stretch, breathe deeply and rest a while before proceeding.
5. Avoid the use of intoxicating beverages when you are going to be behind the wheel of a car.

CAPITOL POLICE
NIP SUN BATH

Washington, Sept. 3 (AP)—Capitol police today seized a nude woman, described as an attractive brunette about 30 years old, on the fourth floor ledge of the Senate Library.

The woman resisted police briefly before they succeeded in covering her.

Before she was taken from the ledge, the woman tossed a dollar bill, some small change and other contents from her purse to the ground.

Capt. William J. Broderick of the Capitol police told the young woman told him she is Dorothy P. Smith of Malone, N. Y.

Walter S. Linscott, a bookbinder in the Senate Library, first saw the young woman on a ledge just outside his small bindery shop tucked away in the upper reaches of the Senate wing of the capitol.

Linscott said he called out and told her it was against the rules to be on the roof. He said she replied calmly:

"I'm just taking a sun bath."

She was in the process then of removing her clothing, he said, so he called for capitol police.

Linscott later told reporters that one policeman approached the woman above the ledge and another from a lower floor level. They grabbed her before she could reach a balcony that projects over a drop of about 90 feet to the steps below.

MOCK BATTLE
OVER BRITAIN

London, Sept. 3 (AP)—Meteor Jet fighters of the Royal Air Force tangled with U. S. Superfortresses in a mock battle 30,000 feet over the Thames estuary today.

It was the beginning of the biggest test of this nation's air defenses since the battle of Britain eight years ago.

Ninety U. S. Superfortresses and hundreds of British medium and heavy bombers are taking part in simulated attacks against targets in the midlands, southeastern and southern England.

The "raiding" force is primed for a four-day mock air war. Preparations were carried out under the strictest secrecy. The whereabouts of the attackers and where they would strike was unknown to ground defenders. The bombers had special permission to fly over the Netherlands, Belgium and France before turning in toward Britain for the attack.

At the zero hour the sky was "mucky in places, likely to be showery, but with bright intervals and fairly good visibility," the air ministry said.

31 QUALIFY
FOR AIR RACES

Cleveland, Aug. 3 (AP)—Racing pilots got their last chance to qualify for national air races events today. Only 31 of a possible 70 speed flyers qualified during the three days set aside for that purpose.

Race officials had planned to forbid qualifying today and to impound all entries. However, considerable military activity at Municipal Airport yesterday morning virtually precluded qualifying flights, and a day of grace was granted.

Among the qualifiers were 20 for the Goodyear Race for midjets, ten for the Thompson, and one which failed to meet the Thompson minimum of 325 miles an hour. There will be only 10 starters in the Thompson this year instead of the customary 12.

A dozen or more planes may make qualifying flights before the timers close shop.

Maj. Richard L. Johnson, test pilot for the air materiel command at Wright-Patterson airbase, Dayton, Ohio, will make a full dress rehearsal of his attempt to raise the 650 miles an hour world speed record. Johnson will make four passes over the three kilometer (1.86 miles) course and be timed by the special cameras, but it will be just practice. No matter what his speed today, no record will be set before Saturday morning.

DEWEY TRACES
LABOR'S ILLS

Albany, N. Y., Sept. 3 (AP)—Gov. Thomas E. Dewey today linked Washington and Moscow as sources of any labor troubles in New York state.

The Republican presidential nominee did so in a Labor Day proclamation in the wake of a fresh row, which started in Dewey's camp, over whether the Democrats or the Republicans are to blame for high prices.

In that dispute the Democrats charged GOP leader Harold E. Stassen with making a "typically deceptive, inaccurate political statement" in blaming a Truman cabinet officer for keeping prices high.

The Republicans accused the opposition of voicing a "cheap campaign charge" dealing with the price of milk produced on Dewey's farm.

In his labor proclamation Dewey said: "In so far as we in New York have been able to manage our own affairs, we have achieved what is perhaps the best example of peace on a front where diverse interests must always be reconciled if free labor and free government are not to be suppressed."

"As the nation's leading industrial state, New York's strike record is second to none. Where we have had trouble, the sources of it may be traced to tap roots which are fed in Moscow or in Washington or in designs of selfish men ruthlessly pursuing power and wealth."

Wallace Showered
With Eggs Again

Little Rock, Ark., Sept. 3 (AP)—Henry Wallace arrived by plane in Little Rock early today virtually unnoticed and without incident.

The Progressive Party presidential candidate flew here from Shreveport, La., arriving at Adams Field at 12:38 a. m.

The former vice president and a party of 21 stepped from the plane into waiting autos and were whisked to the Union station where he boarded his private railroad coach to spend the rest of the morning.

There was no reception for Wallace as he brought his presidential campaign to Arkansas just after leaving Shreveport.

As he left a Shreveport radio station for the airport an estimated half dozen eggs splashed about Wallace's car.

Wallace was refused four places sought for a speech before choosing to talk to his Arkansas followers by radio this morning. He is scheduled to leave here about noon by auto for Memphis.

FAST BOMBER
PASSING TESTS

Washington, Sept. 3 (AP)—A new, bigger and faster attack bomber has passed its first tests for the navy.

An announcement to this effect today provided few details. But from a comparison with present types, the plane shapes up as the heaviest yet designed for carriers.

It will carry more than three tons of bombs "considerably" faster than 350 miles an hour.

A compromise between speed and distance, the new XAJ-1 has two conventional engines for normal operation and one turbo-jet in the tail for sudden bursts of speed.

The plane probably will be assigned to the 45,000-ton Midway class carriers because of its size and weight, although a few 27,000-ton carriers have had their decks strengthened for heavier airplanes.

Band Plans Busy

On Monday, the band will march with Gettysburg firemen in the Adams County Firemen's Labor Day parade here. Band members are asked to be at the engine house at 2 o'clock. The parade will move promptly at 3 o'clock from the Meade school intersection.

FIFTEEN YEARS AGO

Four Doctors Are Licensed: Four young physicians, all well known in Gettysburg, have been notified that they have successfully passed the examination of the state board of medical education and licensure and may now practice medicine.

They are Dr. Paul A. Clutz, Broadway; Dr. Raymond Oyler, Franklin township; Dr. Bruce N. Wolff, Arendtsville, and Dr. Roy Wetzel, of Mount Carmel.

All four physicians served their internships at the Harrisburg hospital.

Campus Romance: In a colorful ceremony at the Fairfield Mennonite church, Miss Mary Catherine Musselman, of Orrtanna, and Arthur W. Roth, of Wayland, Iowa, were married by the bride's pastor, the Rev. A. W. Geigley Saturday morning at 10 o'clock.

The bride, a daughter of Mr. and Mrs. I. Z. Musselman, was given in marriage by her father. She was attended by Miss Martha Yoder, of Smithville, Ohio.

Harry Burkholder, of Newville, was best man.

The wedding culminated a romance on the campus of Goshen college, Goshen, Indiana, where both the bride and bridegroom were graduated on June 7.

Opens Kindergarten: Miss Margaret Howard, former teacher in the Gettysburg public schools, will open her Little Tots' kindergarten Tuesday morning at her home, 28 East High street.

Approximately 400 persons attended the pageant. Miss Verna Culp, Steinwehr avenue, was runnerup in the contest.

For her victory Miss Tipton was presented with a sash, bearing the words "Miss Gettysburg" and a silver cup by District Attorney John P. Butt.

Today's Talk

THE WIND

I listen to the wind, but I do not see it. I only see its effects. Where did it come from? Where did it celebrate its birthplace? What is its daily message? Has it news of rain or of the sun which may follow? What does it carry in its invisible force that bends branches, roots up trees, and overturns homes that are not sturdily set? Both blessings and evils it carries as its freight. Listen! The wind is outside. What has it to say? What will it do with itself?

Outside my window at this moment of writing is this wind. I see it bend the boughs. Every bush and tree that is in leaf, dances in space. Birds hang to their perches. They are singing—perhaps only wondering, or understanding, as children of the wild all seem to do, gifted by their Creator.

The waves of waters are in harmony with this wind. They run, gaining speed, and toss ships at sea, or howl their noises upon the sandy or rocky shores. Where is the far-off home of these winds that bring so various a message of peace or of destruction? Sometimes their carriage is that of heavy laden moisture that is tossed to the earth, filling farmer's hearts with joy and watering the dry earth so as to make it productive and beautiful. And then this great carrier takes to its bosom flakes of snow that whiten the air and fall silently to where humans walk, who rarely express their wonder.

The wind—it also has a voice, but there are few who are able to interpret its language. Look to the sky and there you will note, also, the activity of this wind—there above becoming an artist and painting with great and magic strokes, castles, and streaming roadways, upon which fairies dance, and bold bubbles, so white and soft-looking that they might be builded of tightly-woven silk. And then at sunset, the master-artist works in colors, moving them about in seconds of time—until all look like a blazing city, though calm in their effervescence of joy!

There are those who say: "I hate the wind!" But just consider its many offices of wonder and delight. Its a seedsman as well, planting beauty upon the desert, the valleys, upon the mountains, along streams, and in the human heart!

Tomorrow Mr. Adams will talk on the subject: "Friend Just Gone."

Just Folks

By EDGAR A. GUEST
The Poet of the People
RELIANCE

Since life's a blend of good and ill,
'Tis wise, as Poet Houseman said,

To train the mind and shape the will
For troubled days that lie ahead.

Lest one be caught by some mischance,
And suddenly confront despair,
To face each sorry circumstance
Always the wisest men prepare.

Above us all there hangs the threat
Of loss beyond our power to stay,
And soon or late it must be met,
And how to bear it each must say.

And lost he'll be who trusts to luck
Or hopes his skies will stay serene
When suddenly the blow is struck,
Who has no faith on which to lean.

FUGITIVE FOUND IN MEXICO CITY
Pittsburgh, Sept. 3 (AP) — The district attorney's office says Carlo L. Anselmi, missing operator of Superba Homes, Inc., is in Mexico City.

District Attorney William Rahausen said Anselmi registered in a Mexico City hotel Wednesday. The 38-year-old prefabricated home builder has been indicted on six counts of fraudulent conversion for allegedly receiving money for homes that were never delivered.

In Harrisburg, Mrs. Alice Pennell, Harrisburg representative of the company, awaited grand jury action on charges of fraudulent conversion of funds.

Alderman Russell C. Ritchie held the woman for court after two witnesses testified at a hearing they made payments to her as representative of Superba Homes for houses which never were delivered.

Mrs. Pennell pleaded innocent to the charges. Her attorney asked Ritchie to dismiss them on the ground no evidence was produced to establish that she put any of the money to her own use. The alderman overruled the motion and ordered Mrs. Pennell held for court action under \$2,000 bond.

PHILIPPINES AND JAPAN ARE LINKS FOR DEMOCRACY

By DEWITT MACKENZIE
(AP Foreign Affairs Analyst)

That was a vastly encouraging statement which General Douglas MacArthur issued in Tokyo on the third anniversary of Japan's surrender in the great war.

The general declared that Japan is equipped with the moral weapons "to repel the totalitarian advance." And he went on to link Nippon with the new South Korean republic and with the republic of the Philippines in "a triangular buttress" for democracy in Asia.

General MacArthur confined his remarks to moral values, but your columnist for one finds it difficult not to expand the thought to include military considerations. After all, the Orient is seething with turmoil, and if there is another world war it most certainly will encompass that part of the globe—indeed it might well start there.

Korean "Dagger"

Japan and the Philippines not only are buttresses for democracy in the ideological sense, but they would be vital both for offense and defense in event of war with Russia. Japan was the pivot on which the Allied fortunes turned in the last war, and it was she who deprived us of the Philippines and other essential bases right at the outset. That won't happen again.

As for the Korean peninsula ("a dagger pointed at the heart of Japan"), it is of course one of the world's highly strategic positions. So long as it remains under American military occupation it is a bastion in democracy's defense. However, it lies under the muzzles of Russia's big guns, and it is given to wonder whether the U. S. high command would choose to defend Southern Korea in event of global war. There is such a thing as spreading your forces out too thin, you know.

Still, while the loss of Korea would be serious, the combination of Japan and the Philippines would provide a mighty defense, as our experience in the last war fully demonstrated. Moreover, General MacArthur's statement would seem to encourage the belief that Japan not only would be available as a "bastion" for democracy but that she would in fact be an ally of the Western powers. That is to say, Nippon not only could be used for a base but she would participate actively in the war.

As regards the near future, belief that Japan and the Philippines would be on the side of the democracies certainly would make Moscow tread circumspectly.

A 20-year-old drought was ended in Indiana's capital today as Hoosier fans celebrated the clinching by Indianapolis of its first American association baseball pennant since 1928. The 1928 pennant winners, managed by Bruno Betzel won 99 games and lost 68.

The Tribe, which finished in sixth place last season, defeated Columbus, 4 to 1 last night, to make certain the 1948 flag for Victory field. Under freshman Manager Al Lopez, Major league catcher for 18 years, Indianapolis has won 96 games and lost 48 thus far and is safely out of reach of runnerup Milwaukee with a 12 game margin. Chapter 1

In a fenced-off clearing on the fringe of a grove of tall cottonwood trees, 11 men with bared, bowed heads stood looking down upon a freshly heaped grave. There was no movement among them, no sound. Standing on the opposite side of the mound was a tall, lean youth with steady, bitter eyes and a tightened mouth framed in a sun-bronzed face that was topped by a boyishly tousled head of blond hair. He towered above the other men. When he squared his shoulders and straightened up and hitched up his belt it was an indication that the simple service was over. They walked off without a word.

It was only when a slim girl appeared and stepped toward the grave that the bitter-eyed young fellow exhibited any interest.

She knelt at the side of the mound and he saw her lips move in prayer. Presently she arose, turned away without a word or even a glance in his direction, and marched off. He followed her with his eyes ... there was another grave a short distance away. The girl stopped beside it, knelt down. When she came erect a minute later, she turned her head and their eyes met.

"I'm Cathy Ballard," she said simply. "I'm terribly sorry about your father."

"My stepfather, y'mean," he said curtly.

"Yes, I meant to say your stepfather," she said. "He told me all about you I think I'd have known you from his description of you even if I had never seen those rodeo posters or heard someone say you were George Akers."

His mouth seemed to tighten even more than before.

"He knew all about your work with the rodeo. He was awfully proud of your reputation as a trick rider and expert roper."

"You seem t' know lots about 'im," he said.

"He was like a father to me."

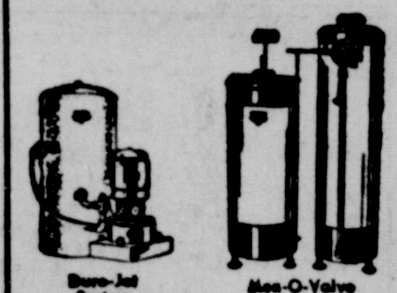

"That's more'n he was t' me," he answered. His eyes halted on the grave with the white cross above it. "Whose is that?"

"My father's. He was foreman of the Circle-A," she explained. "He was killed about four months ago."

ANTI-SEMITISM CONDEMNED BY CHURCH REPORT

Amsterdam, The Netherlands, Sept. 3 (AP)—A report to the World Council of Churches today condemned anti-Semitism. It took no

sides in the Arab-Jewish conflict.

A committee of the World Council called upon Christianity to work for "order in Palestine" and took the view the church should offer relief for victims of the Holy Land warfare "without discrimination."

"Whatever position may be taken towards establishment of a Jewish state and towards the 'rights' and 'wrongs' of Jews and Arabs and of Hebrew Christians involved," the report said, "churches are in duty bound to pray and work for an order in Palestine as just as may be in the midst of our human disorder."

Act On Report Today

The report said also it was the duty of churches "to provide within their power for relief of victims of this warfare without discrimination and to seek to influence the nations to provide a refuge for displaced persons' far more generously than has yet been done."

The report on the "Christian approach to the Jews" comes before the World Council for action today. The committee which drafted the report was headed by Dr. Angus Dun, Protestant Episcopal bishop of Washington, D. C., a delegate to the World Council.

"We recognize that establishment of the state of 'Israel' adds a political dimension to the Christian approach to the Jews and threatens to complicate anti-Semitism with political fears and enmities," the report said.

"On the political aspects of the Palestine problem and the complex conflict of 'rights' involved, we do not undertake to express a judgment."

The Baltimore Colts of the All-America Football Conference open their league season at home against the New York Yankees, September 5.

"You got me," the foreman said. "Look, George ..."

"Yeah?"

"We could do things with the Circle-A, you an' me. What d'you say, George ... how 'bout givin' it a whirl, huh?"

"Nope. I don't want any part of it."

Today's Talk

THE WIND

I listen to the wind, but I do not see it. I only see its effects. Where did it come from? Where did it celebrate its birthplace? What is its daily message? Has it news of rain or of the sun which may follow? What does it carry in its invisible force that bends branches, roots up trees, and overturns homes that are not scurdily set? Both blessings and evils it carries as its freight. Listen! The wind is outside. What has it to say? What will it do with itself?

Outside my window at this moment of writing is this wind. I see it bend the boughs. Every bush and tree that is in leaf, dances in space. Birds hang to their perches. They are singing—perhaps only wondering, or understanding, as children of the wild all seem to do, gifted by their Creator.

The waves of waters are in harmony with this wind. They run, gaining speed, and toss ships at sea, or howl their noises upon the sandy or rocky shores. Where is the far-off home of these winds that bring so various a message of peace or of destruction? Sometimes their carriage is that of heavy laden moisture that is tossed to the earth, filling farmer's hearts with joy and watering the dry earth so as to make it productive and beautiful. And then this great carrier takes to its bosom flakes of snow that whiten the air and fall silently to where humans walk, who rarely express their wonder.

The wind—it also has a voice, but there are few who are able to interpret its language. Look to the sky and there you will note, also, the activity of this wind—there above becoming an artist and painting with great and magic strokes, castles, and streaming roadways, upon which fairies dance, and bold bubbles, so white and soft-looking that they might be builded of tightly-woven silk. And then at sunset, the master-artists work in colors, moving them about in seconds of time—until all look like a blazing city, though calm in their effervescence of joy!

There are those who say: "I hate the wind!" But just consider its many offices of wonder and delight. Its a seedsman as well, planting beauty upon the desert, the valleys, upon the mountains, along streams, and in the human heart!

Tomorrow Mr. Adams will talk on the subject: "Friend Just Gone."

RELATANCE

Since life's a blend of good and ill,
'Tis wise, as Poet Houseman said,
To train the mind and shape the will
For troubled days that lie ahead.

Lest one be caught by some mischance,
And suddenly confront despair,
To face each sorry circumstance
Always the wisest men prepare.

Above us all there hangs the threat
Of loss beyond our power to stay,
And soon or late it must be met,
And how to bear it each must say.

And lost he'll be who trusts to luck
Or hopes his skies will stay serene
When suddenly the blow is struck,
Who has no faith on which to lean.

Los Angeles, Sept. 3 (AP)—The district attorney's office moved today for a county grand jury investigation into the marijuana-smoking case involving Robert Mitchum, handsome film hero, and attractive actress Lila Leeds.

Dist. Atty. William E. Simpson announced that the chairman of the jury's criminal complaints committee had promised he will recommend an inquiry by the entire panel Tuesday when the group resumes sessions.

Simpson added that if the jury decides to take up the case, Mitchum, Miss Leeds and two others arrested with them early Wednesday will be invited to appear and tell their stories.

The four — Mitchum, 31; Miss Leeds, 20; dancer Vickie Evans, 25, and real estate man Robin Ford, 31 — were arrested early Wednesday when city and federal narcotics officers raided a secluded home occupied by the two girls. All are free under \$1,000 bond each.

Dore Schary, former production chief at RKO studio, Mitchum's principal employer, said in a statement that "implications that a widespread or considerable use of narcotics exist in the motion picture industry are shocking, capricious and untrue."

Police investigators said the Mitchum raid was a first step in a clean-up of the narcotics traffic in the film colony.

Mrs. Dorothy Mitchum, the actor's wife who was returning from the east with her two sons, was located in Las Vegas, Nev., where she told newsmen: "I am undecided what to do."

AQUILA and PRISCILLA
By Rev. Howard R. Gold, D.D.
Margaret C. Gold

Acts 18:1-3, 18, 19, 24-26: Romans 16:3-5; I Corinthians 16:19; II Timothy 4:19

Memory selection: Be not forgetful to entertain strangers. Hebrews 13:2.

Here is the record of an inseparable couple, Aquila and Priscilla, who were co-workers of Paul and exerted a wide influence in the early churches at Rome, Corinth and Ephesus. They are a shining example of the varied type of service that can be rendered the church by laymen and lay women.

Although exiled from Rome they soon established themselves in business at Corinth and it was here that Paul met them on his second missionary journey. Reaching Corinth after a discouraging visit to Athens, Paul found hospitality and a much needed sanctuary in the home of Aquila and Priscilla. He found them congenial companions and learned that they also were tent-makers, so a common trade and a communion of belief were the source of a lifetime friendship.

Early History

Aquila was a Jew from Pontus which was a Roman province bordering on the Black Sea. He and Priscilla formed a part of the Jewish community in Rome. Whether Aquila was a freedman or bondman is not known but his wife Prisca, which was her correct name, may have descended from an aristocratic Roman family. Prisca is usually mentioned first so we believe she may have had the richer personality and greater zeal of the two. Along with all the other Jews they were ordered to leave Rome by Emperor Claudius in 52 A.D. Claudius feared revolts such as had occurred by the Jewish zealots in Judea.

The devoted couple settled in Corinth which was a center for travel and provided a steady market for their product — tents. Paul made his home with them there for 18 months and their house was the established center of the new Christian faith. Here the inspired missionary to the Gentiles found the kindly ministrations and able help of Prisca a great solace and joy after the hardships of constant travel.

A Dedicated Home

The home of Prisca and Aquila whether at Rome, Corinth or Ephesus was always the center of activity for the small groups of Christian disciples. There they met informally for discussion, instruction by Paul and for more formal worship. Prisca's faith and vitality were much needed in the struggling life of the church. She and her good husband provided hospitality for any wayfaring Christians as well as creating an atmosphere of helpful service and spirituality in their home. This warmth of welcome drew many new converts. In both his letter to the Romans and the first one to the Corinthians Paul salutes Prisca and Aquila and "the church that is in their house." Their provision for the needs of Paul can never be over-estimated.

Variety Of Tasks

In addition to providing a comfortable home for Paul and assisting travelling disciples, helping her husband in his business and providing a congenial meeting place for the Christian community at Corinth, Priscilla did other notable work. When she finally returned to Rome while Paul was imprisoned there, there is a tradition that she founded the first Christian orphanage and other institutions of mercy. She must have been a woman of rare intelligence and marked ability to cooperate with Paul so effectively, be entrusted with developing the spiritual life of two new churches and to understand so well the varied-group of men and women who met regularly in her home.

Another phase of their special kind of service developed during their residence at Ephesus. They had journeyed there with Paul and he had left them there to carry on the work. While there a certain prominent Jew by the name of Apollos came from Alexandria to preach and speak in the synagogues. Although a very learned man and fervent in spirit, Apollos knew "Only the baptism of John" — that is, he did not have a complete understanding of Christ. Consequently Priscilla and Aquila rendered a great service to the church when they "took him unto them, and expounded unto him the way of God more accurately." They instructed Apollos more fully in the Christian faith and as a result he confessed Christ and was baptized. This shows how a plain business man and his wife can lead others to learn more of Christ and the way of salvation.

Other Help

One other instance of help given by this couple is suggested by Paul in his letter to the Romans. There he commends them for their willingness to "risk their necks" for his sake. He likely referred to the time when the silversmiths almost mobbed him at Ephesus and how his friends rescued him. This occurred because Paul had condemned the worship of the heathen goddess Diana which interfered with the sale of coins bearing the image of the goddess. But the finest thing that Priscilla and Aquila possessed was a rich home life which they shared so abundantly.

Democrats Accuse Milk Control Bd.

Harrisburg, Sept. 3 (AP)—The State Milk Control Commission was accused today of "contributing to the fattening of the profits" of the "milk trust."

Philip Mathews, chairman of the Democratic State committee, declared that the commission's "recent 1½ cents a quart retail price boost handed the milk trust a gift of \$6,400,000 a year at the expense of the consumers."

Asserting that the dealer receives more than a half cent a quart of the increase, Mathews said that "when it is considered that annual consumption in Pennsylvania is one billion quarts, the extent of this heinous assault of the consumer becomes clear."

Baseball Umpires Plan Organization

An effort will be made to raise a pool of at least 20 umpires to officiate in the Adams, South Penn and Penn-Maryland Baseball leagues, as well as high school games, it was decided at a meeting of umpires Thursday evening at the fire engine house.

An increased demand was forecast at the meeting due to plans of a number of teams, including high schools, in surrounding areas to play night baseball within the next few years.

Efforts will be made to contact a number of umpires in the area and urge them to attend another meeting, the date and time for which will be announced in the near future. It is planned to hold meetings throughout the winter to discuss rules and plays.

Those attending Thursday's meeting included Ralph Roe, president of the Penn-Maryland league; Francis Keffer, Littlestown; Dorsey Shultz, Cashtown; Mr. Cline, York Springs; John German and Lester Oyler, Gettysburg.

Interstate League

(By The Associated Press)
Don Robertson, the Trenton Giants ace righthander, is just one victory shy of the coveted 20-game goal today. Robertson scattered seven hits last night as Trenton defeated the Lancaster Red Roses 14-3 in the Interstate league. Robertson now boasts a 1948 record of 19 wins against five losses.

Trenton unleashed a 15-hit attack, including Leftfielder Wilbur Jackson's 10th homer of the campaign with two aboard in the fifth inning. The runnerup Wilmington Blue Rocks, still battling for the top spot in the league standings, maintained their position four and a half games behind Trenton by defeating the fourth-place Allentown Cardinals 10-1. Left-handed Jake Schmitt received credit for the victory, scattering nine hits and striking out 12.

The third-place York White Roses virtually clinched a spot in the post-season playoffs by turning back the Sunbury Reds 7-1. Veteran Southpaw Bill Stratton gained his 12th victory of the season on a nine-hit performance.

The Harrisburg Senators came through with a run in the bottom half of the ninth inning to defeat the Hagerstown Owls 5-4 in the remaining game last night.

Today's schedule: Allentown at Wilmington, Hagerstown at Sunbury, York at Harrisburg.

Yesterdays Stars

Sports Roundup

By HUGH FULLERTON, Jr.

New York, Sept. 3 (AP)—Dumb Dan Morgan, who has few good words for education higher than "learnin' the moves" currently is wondering why more college athletes don't try professional boxing.

"They're big and healthy and they can take a busted nose in football," Morgan marvels. "They ain't all rich and if they wanta make money they can make it in boxing even faster than in highjacking and that used to be the best racket in the world."

Dan probably has the explanation in his tale of the time when he and Jack Britton tried to make a boxer out of Dan Morgan, Jr., now a movie theater manager. "We went to tell his mother," Morgan, Sr., explains, "and she run me and Britton and the kid, all of us, right out of the house."

GETTING CHEWSY

The Haleah Park publicity dept. gleefully reports that the big alligator which invaded the infield lake in search of flamingo cutlets, has been trapped after successfully evading the Seminole gator catchers who were on display last winter.

From now on the only bite put on the horse players will come from the mutual dept.

KICKOFF

Gaynell Tinsley, new Louisiana State grid coach, has called for pre-season workouts at 1:30 p. m. in hopes that his boys will get accustomed to heat before they play Texas at Austin September 18.

Princeton is supposed to be getting Bob Unger, the Pottsville, Pa., quarterback who was good enough to bring Frank Leahy east for a banquet.

Besides being an all-state footballer Unger once pitched against Curt Simmons in Legion baseball.

Arkansas U. may come up with a pretty fair team named Scott. Clyde (Smackover) Scott will play tailback and his brother, Tracy, may make the grade at wingback.

Clyde Smith, new Indiana U. coach, had to move into a log cabin while awaiting the apartment promised him in Bloomington, Ind. . . . At least he wasn't stumped.

SOMETHING TO POND-ER

The New York City Parks Department has decided to let kids under 16 fish in one of the Central Park lakes during September.

Maybe they won't catch anything there, but they can go a few blocks east and catch the Third Ave. el.

CLEANING THE CUFF

The Ike Williams-Jesse Flores bout September 23 will be the 13th lightweight title bout staged by the 20th Century Sporting club and the first outdoors in New York since Lou Ambers and Hank Armstrong fought nine years ago. . . . Denny Sothern, the old Philly outfielder, is owner of a fancy night club at New Bern, N. C. . . . Bill Terry, who didn't used to like newspapermen much, is giving golf writers a grand welcome at the current amateur championship in Memphis.

The Kansas U. football squad has so many lightweights that Coach Jules Sikes threatens to set up a "thin man's training table" in a phone booth.

Stronger Fleet To Go To Mediterranean

Washington, Sept. 3 (AP)—A slightly stronger U. S. fleet—including a 45,000-ton aircraft carrier—will replace the 14 American ships now stationed in the Mediterranean. The Navy announced last night that it is sending a 16-vessel group—stronger than the one now on duty by one heavy cruiser and one destroyer—to take over in that area about September 23. The 1,100 Marines stationed with the fleet also will be spelled by "an equivalent number."

The replacement fleet includes the carrier Franklin D. Roosevelt, with 72 fighter planes and 48 attack bombers.

PLAYOFF TILTS IN TWO LOOPS THIS WEEK-END

Playoff games for the championships of the Adams County and South Penn Baseball leagues hold the center of attraction locally in the week-end baseball schedule.

The first of the series of games for the Adams County diadem will be played Saturday afternoon at 2:30 o'clock.

Littletown and Orttanna will clash at Orttanna while Hanover will be host to McSherrystown. Each series will be the best-of-three with the winners clashing in another three-game series for the title.

The second round of games in the playoffs for the South Penn championship will be played Sunday afternoon.

Conewago VFW, 9-3 victors over Heidlersburg last Sunday, will play at Heidlersburg, while Cashtown, 8-6 winners over Greensburg, in the opener, plays at Greenmount.

HIGHWAY TEAM GIVEN DINNER

Members of the State Highway Softball team, Community league champions, were feted at a roast chicken dinner by the league Thursday evening at the Battlefield hotel.

Guests also included league officers and managers of other member teams.

Johnny Knox, league president, revealed plans are underway to have lights installed for softball on the new recreation field located west of South Washington street. The cost has been estimated at approximately \$800. Sod has been placed on the baseball and softball fields on the new location and the fields will be ready for play next season.

Charley Lightner, manager of the Highway team, spoke briefly and expressed his team's appreciation for the banquet.

Members of the Highway attending the dinner included George Fair, Robert March, Dick Altomese, James Spahr, George Gorman, Bernard Frazer, Abe Hankey, Glenn Hankey, Philip Everhart, Howard Mackert and Lightner. Other guests were Johnny Knox and Johnny Grindler, league officers; Ralph Johnson, Moose; Jack Taylor, Texas Lunch; Paul Amzengruber, Lentz Legion; Claude Rudisill, Grandview Terrace; Rudy Arnold, Acme; Glenn Raffensperger, umpire, and Don Bream, of The Times.

Eastern League

The hard-driving Albany Senators climbed to the top rung last night in the hot three-way battle for the Eastern League pennant by blanking the third-place Utica Blue Sox, 3-0.

The Scranton Miners, who have lost three games in a row, dropped to second when they bowed to the Williamsport Tigers, 7-2, at Scranton.

The Hartford Chiefs gained a tie with the Tigers for fourth place, the last playoff berth, by winning a doubleheader from the Binghamton Triplets, 7-2 and 13-3. The Elmira Pioneers eked out a 3-2 triumph over the Barons at Wilkes-Barre.

Baseball Umpires Plan Organization

An effort will be made to raise a pool of at least 20 umpires to officiate in the Adams, South Penn and Penn-Maryland Baseball leagues, as well as high school games, it was decided at a meeting of umpires Thursday evening at the fire engine house.

An increased demand was forecast at the meeting due to plans of a number of teams, including high schools, in surrounding areas to play night baseball within the next few years.

Effort will be made to contact a number of umpires in the area and urge them to attend another meeting, the date and time for which will be announced in the near future. It is planned to hold meetings throughout the winter to discuss rules and plays.

Those attending Thursday's meeting included Ralph Roe, president of the Penn-Maryland league; Francis Keffer, Littlestown; Dorsey Shultz, Cashtown; Mr. Cline, York Springs; John German and Lester Oyler, Gettysburg.

Interstate League

(By The Associated Press)
Don Robertson, the Trenton Giants ace righthander, is just one victory shy of the coveted 20-game goal today. Robertson scattered seven hits last night as Trenton defeated the Lancaster Red Roses 14-3 in the Interstate League. Robertson now boasts a 1948 record of 19 wins against five losses.

Trenton unleashed a 15-hit attack, including Leftfielder Wilbur Jackson's 10th homer of the campaign with two aboard in the fifth inning.

The runnerup Wilmington Blue Rocks, still battling for the top spot in the league standings, maintained their position four and a half games behind Trenton by defeating the fourth-place Allentown Cardinals 10-1. Lefthander Jake Schmitt received credit for the victory, scattering nine hits and striking out 12.

The third-place York White Roses virtually clinched a spot in the postseason playoffs by turning back the Sunbury Reds 7-1. Veteran Southpaw Bill Stratton gained his 12th victory of the season on a nine-hit performance.

The Harrisburg Senators came through with a run in the bottom half of the ninth inning to defeat the Hagerstown Owls 5-4 in the remaining game last night.

Today's schedule: Allentown at Wilmington, Hagerstown at Sunbury, York at Harrisburg.

Sports Roundup

By HUGH FULLERTON, Jr.
New York, Sept. 3 (AP)—Dumb Dan Morgan, who has few good words for education higher than "learnin' the moves" currently is wondering why more college athletes don't try professional boxing. . . . "They're big and healthy and they can take a busted nose in football," Morgan marvels. "They ain't all rich and if they want to make money they can make it in boxing even faster than in highjacking and that used to be the best racket in the world." . . . Dan probably has the explanation in his tale of the time when he and Jack Britton tried to make a boxer out of Dan Morgan, Jr., now a movie theater manager. . . . "We went to tell his mother," Morgan, Sr., explains, "and she run me and Britton and the kid, all of us, right out of the house."

GETTING CHEWY
The Hialeah Park publicity dept. gleefully reports that the big alligator which invaded the infield lake in search of flamingo cutlets, has been trapped after successfully evading the Seminole yator catchers who were on display last winter. . . . From now on the only bite put on the horse players will come from the mutual dept.

KICKOFF
Gaynell Tinsley, new Louisiana State grid coach, has called for pre-season workouts at 1:30 p. m., in hopes that his boys will get accustomed to heat before they play Texas at Austin September 18. . . . Princeton is supposed to be getting Bob Unger, the Pottsville, Pa., quarterback who was good enough to bring Frank Leahy east for a banquet. Besides being an all-state footballer Unger once pitched against Curt Simmons in Legion baseball. . . . Arkansas U. may come up with a pretty fair team named Scott. . . . Clyde (Smackover) Scott will play tailback and his brother, Tracy, may make the grade at vinyback. . . . Clyde Smith, new Indiana U. coach, had to move into a log cabin while awaiting the apartment promised him in Bloomington, Ind. . . . At least he wasn't stumped.

SOMETHING TO POND-ER
The New York City Parks Department has decided to let kids under 16 fish in one of the Central Park lakes during September. . . . Maybe they won't catch anything there, but they can go a few blocks east and catch the Third Ave. el.

CLEANING THE CUFF
The Ike Williams-Jesse Flores bout September 23 will be the 13th lightweight title bout staged by the 20th Century Sporting club and the first outdoors in New York since Lou Ambers and Hank Armstrong fought nine years ago. . . . Denny Sothorn, the old Philly outfielder, is owner of a fancy night club at New Bern, N. C. . . . Bill Terry, who didn't used to like newspapermen much, is giving golf writers a grand welcome at the current amateur championship in Memphis. . . . The Kansas U. football squad has so many lightweight that Coach Jules Sikes threatens to set up a "thin man's training table" in a phone booth.

CUBS CONTINUE TO JOLT HOPES OF CONTENDERS

By JOE REICHLER
(AP Sports Writer)
They aren't any place themselves, but the Chicago Cubs are having plenty to say in deciding the National league pennant winners.

Mired in the basement almost from the start of the campaign, and destined for one of their worst seasons in history, the Cubs have assumed the role of "spoilers" with a vengeance. They are raising havoc with the league leaders.

First they threw a monkey wrench into the pennant plans of the New York Giants, then the St. Louis Cardinals, then the Boston Braves, and now the Brooklyn Dodgers.

The Dodgers came to town last Tuesday sporting a seven-game winning streak. They had just crushed the Cardinals four straight, and were expecting to fatten up on the cellar-dwellers. The Cubs set them back by sweeping a doubleheader. The Brooks bounced back the next day to shut out the Cubs. But instead of folding up, the Bruins snarled back yesterday, edging out Burt Shotton's pennant-minded crew, 7-6, to win the series, three games to one.

Margin Narrows
The defeat cut Brooklyn's first-place margin over the runner-up Braves to two percentage points. The Cards, in third place, are only a game and a half behind, and the fourth-place Pittsburgh Pirates trail by three games.

The Pirates lost an opportunity to pick up ground when they were beaten by the Giants, 5-4, in Pittsburgh.

The Cubs pushed over the winning run in the sixth. With the score 6-6, Roy Smalley opened for the Cubs by coaxing a walk off Paul Minner, third Brooklyn hurler. Smalley moved to second on a sacrifice and raced home when Emil Verban singled over Billy Cox' head into left field.

Larry Jansen finally bagged his 16th victory for the Giants after failing five times, when he defeated Pittsburgh. He almost blew the game in the ninth when Ralph Kiner belted his 36th home run of the year with two aboard. However, he struck out Max West to end the game.

Junior Loop Idle
Walker Cooper, Jansen's batterymate, was the offensive star. He singled home Don Mueller in the fourth and followed up with a two-run homer in the sixth. Jack Lohrke clouted a four-bagger for the Giants in the seventh. Bob Chernes, rookie righthander of the Pirates, went the route, yielding 12 hits. The loss was Chernes' fourth against 11 victories.

The bitter American league struggle resumes today with the front-running Boston Red Sox guests of the fourth-place Philadelphia Athletics. The runner-up New York Yankees take on the sixth-place Washington Senators twice in the Yankee Stadium. The third-place Cleveland Indians will have a chance to move nearer to the Red Sox if they can sweep their scheduled doubleheader from the seventh-place Browns in St. Louis. The Tribe is a game and a half behind Boston. The A's trail by five and a half lengths.

"J. PETERS" ADMITS RED ACTIVITIES

New York, Sept. 3 (AP)—"J. Peters," who faces deportation and also a contempt of Congress charge, admits being an active Communist in this country for many years.

He denies, however, testimony of government witnesses that he was a Soviet underground leader in the United States.

The admission came late yesterday after the conclusion of a four-day deportation hearing at which Peters had sat mum.

Peters—a 54-year-old Hungarian who calls himself Alexander Stevens—wrote "The Communist Party—A Manual On Procedure" in 1935, his

counsel, Mrs. Carol King, revealed. Peters said in a statement: "For many years I was an active member of the Communist party and elected to various committees, x x x Thousands and thousands of Communists and non-Communists knew me, heard my lectures and read by articles."

Cites Mystery

"Every day's headlines produce a new No. 1 Communist," Peters said. "This week, I, Alexander Stevens, was chosen as the new 'mystery' man. The outrageous slanders, falsehoods and distortions of the witnesses paraded before the Immigration Service hearings have been exposed time and again at other hearings."

Peters was referring to the testimony of former Communists who told an Immigration and Naturalization Service hearing that he had been a leading underground Red plotter in this country.

"There is no mystery about me,"

Annual Pilgrimage To Historic Church

The annual pilgrimage to the historic Christ church, York Springs, which is observing its 200th anniversary of its parish, will be held Sunday, September 12.

Bishop Heistand will deliver the sermon at the service at 4 p. m.

Those attending are requested to bring a box lunch and a cup.

Peters said in his statement, "I immigrated to this country like millions of others, x x x Twice I applied for citizenship papers. They were denied me."

The government charges in its deportation proceedings that Peters entered the United States without a valid passport, and is a member of an organization advocating overthrow of the government.

A sub-committee of the House committee on un-American activities has threatened Peters with a contempt charge for refusal to answer key questions about Communism at a hearing here last Monday.

Baltimore Livestock

CATTLE—Opening trading in the cattle department was fairly active due mostly to outside interests but dealings slowed down later and trading at the close was drab. The run included the equivalent of 20 loads of slaughter steers, practically all fed on the grass offerings and around six loads of stocker and feeder steers. Balance of the run was made up largely of cows. About a normal supply of bulls was included but heifers were scarce.

Trading in the steer division rather uneven but prices showed little change compared with Monday's sales. An individual average-choice 1,170-pound steer, \$38, to establish a new record high mark. Most of the average to high-grade 980-1,480 pounds, \$32.50—34.50; medium to low-grade, \$26—32; odd head canner and culler, \$17.25—19.

There were hardly enough slaughter heifers on hand to establish a definite price trend. Most of the run consisted of odd head and small lot shipments of fed on the grass common to low-grade grades, \$20—26. Early sales of cows generally steady although trading spotty and irregular but late sales of all grades displayed losses of 50 cents in spots. A load of good young cows on the heifer order topped the day's trade at \$28; other good cows, \$21—23. Bulk of the common and medium, \$18.50—21. Canners and cullers, \$15—18. Odd head shelly canners, \$13 or below.

Demand was fairly broad for sausage bulls and prices held unchanged compared with earlier in the week. Odd head good grade sausage bulls, \$25.50, but the practical top, \$25, and most sales, \$23—25; common and medium hoganags at \$18—23. A load of Canadian bulls, included at the latter price. Stocker and feeder steers, 50c.—\$1 lower basis compared with early sales last Monday or week to 50 cents lower than the late market that day.

The salable supply consisted mainly of medium and good 220—355-pound stocker and feeder steers, \$23—25.50. A few small lots of good grade, \$26—27.35.

CALVES—The calf market only moderately active but prices held unchanged compared with early in the week. Good and choice grades selling less than 300 pounds, \$28—31, top \$31. Heavier weights from 224 in most cases. Practically all weight of common and medium, \$20—27; odd lots culls, \$14.

HOGS—Buyers took all weights and grades of hogs at steady prices compared with Wednesday. A small truck lot of choice 212-pound barrows and gilts brought \$30.25 to establish the extreme top; bulk of the good and choice 180-225-pound, \$29.25—29.75, practical top, \$29.75; 225-250-pound weights, \$29—29.50; 250-275 pounds, \$29.75—28.75; 275-300 pounds, \$27.25—27.75; 300-350 pounds, \$26.25—26.75; 350-400 pounds, \$25.25—25.75; few over 400 pounds, \$24.25—24.75; 400-450 pounds, \$23.25—23.75; 450-500 pounds, \$22.25—22.75 down. A few lots of garbage-fed hogs \$1 or more under the price paid for comparable weight of good and choice grain-fed offerings.

SHEEP—Receipts consisted mainly of common and medium spring lambs but included a few good and choice grades. Prices held unchanged. Good and choice springers, \$26—27; common and medium, \$27.75—\$20—25, and odd lots of culls weighing 50-55 pounds, \$12—15. Few scarce but quoted steady. A few good and choice around 130-pound, \$10.50, but top quotation for choice remained \$11.
